Seattle, WA 98125

SCHEDULE OF

WEEK 1 | JUNE 22-24 | WELCOME & DESIGN YOUR LOGO

Welcome friends, to another summer of exploration, creativity, food, and fun! This week we will focus on getting to know each other and our program guidelines. We will also be designing our own shirts with custom logos.

WEEK 2 | JUNE 27-JULY 1 | GAME DESIGN

Table/board games have been a part of many cultures around the world. This week we will explore some of that history, then we'll learn about important design elements and use them to create our own table/board game.

WEEK 3 | JULY 5-8 | SPACE ENGINEERS

Learning about space has led to the development of robots, sci-fi adventures, and many other technologies. This week we're going to explore some of these ideas through art, crafts, and engineering. Can you say... hydraulic robot arm?

WEEK 4 | JULY 11-15 | ELEMENTS OF ART

This week we'll explore seven different elements of art including: Lines, Shape, Form, Space, Texture, Value, and Color using a variety of different mediums like mosaic, string, papier-mâché and more.

WEEK 5 | JULY 18-22 | PINEHURST TEST KITCHEN

Cooking encompasses so many different elements from science concepts, math and geometry to art and culture. Cooking food gives us a chance to explore all these ideas all at once. AND THEN WE GET TO EAT IT!

WEEK 6 | JULY 25-29 | CARDBOARD CUT-OUTS

We'll use our imaginations, special tools, and cardboard to make incredible cardboard creations. Pick up some engineering know-how and learn to solve problems in our Cardboard Cut-Out week.

WEEK 7 | AUGUST 1-5 | FEATURE FILM

Films are about telling stories and this week we'll explore being behind, in front, and inside the camera. The group will write, film, and produce their own mini stories told through our favorite pastimes, film!

WEEK 8 | AUGUST 8-12 | MUSIC & MEDIA

We'll explore multiple styles and genres of music through different mediums such as vinyl, video games, and dance. Then we'll use what we've learned to compose and record our own song(s).

WEEK 9 | AUGUST 15-19 | WATER WORLD

Bring your bathing suits, sunglasses, and sunscreen. We will be having fun in the sun and exploring fun activities like water balloons, fence sprinklers, hoses, bubble, and anything else that we can make with WATER!

WEEK 10 | AUGUST 22-26 | LET'S GET SLIMED

Metallic Slime, Cloud Slime, Alien Goop, Fluffy Foam Slime, Play Putty, Water Slime, Lava Lite...we'll be making and playing with as many as we can get to! Be ready to get...Slimed!

WEEK 11 | AUGUST 29-31 | SUMMER FAREWELL KITS

Let's recall and celebrate a summer full of memories by making a bound class book, cards, videos, and other crafts as we reflect on the past 10 weeks.
